

### 20mph Zone

The map below shows the position of the new 20mph zone which should come into play later this year. This is just part of further road safety measures for the benefit of the village which will also include:

- gateway features at the three main approaches to the village.
- a vehicle activated sign warning of a sharp bend to be erected on Mill Road before the bridge.

### Play area revamp and development

Good progress is being made by the working group to improve the children's play area, more information to follow in due course.

### Dog Owners

Please note your dog must be kept on a lead when using or crossing the playing field at any time of day Thank you to all those that comply with this. There have been a number of incidents on the playingfield & footpaths with dogs being off the lead and not under the control of their owners. This has caused unnecessary stress to other parishioners and is anti-social behaviour. Please be considerate to others.

### Parking on pavements, at junctions and across driveways

Again, parishioners have expressed concern about residents parking on the pavements or being too close to junctions or blocking driveways. The village is blessed with many elderly people with and without walking aids and young families with push chairs, such parishioners find it difficult and dangerous to walk on the road to get around vehicles parked on the pavement. Motorists also find that vision is obstructed when vehicles are parked too near a junction, and it is no fun for residents when blocked in or out of their own driveways. We request that you do your bit to ensure that you have parked considerately in order that we can all enjoy safe passage. Thank you.

### Statistics show Speedwatch team reduces speeds in village – More team members needed

Join the successful community Speedwatch team, sparing just an hour a month could save a life in our village. Be part of it or even lead it, we are seeking a co-ordinator for the team too. Please contact the Clerk if you are interested.

Councillor/Clerk	Telephone No.	Email address
David Hook – Chairman – Tree Warden	01508 498187	hookd74@yahoo.com
