NCC budget has been agreed which confirmed an increase of 4.99% to council tax. The mobile library service was scaled back by stopping the ones where nobody was using it.

Mrs Thomas also sits on the NNUH governing body and will over the next year, review the whole patient journey with a view to making improvement recommendations.

She also reported that the proposal for tomorrow's District Council budget meeting is to keep council tax the same.

Mrs Thomas said she will not be standing as a district councillor after the 2025 elections.

On 15/03/23 full planning permission will be sought for the Long Stratton bypass and an initial 230 houses.

Mr Workman asked about health and school facilities to cope with the planned extra 2300 houses in total, which effectively double the size of Long Stratton. Mrs Thomas said that there should be a new primary school and the high school had capacity; it was not possible in planning law to insist on a new doctor's surgery, however there is a current proposal to significantly increase in size of the existing one; and a dental practice will be returning to Long Stratton and is just awaiting the relevant licence.

Mr Driver asked Mrs Thomas to ensure SNC insist the social housing element is not eroded as time goes by.

Mr Hook asked about the current position re the County Deal. Mrs Thomas said that it had been agreed to continue dialogue with a view to a decision in December 2023. Norfolk MPs have indicated they will be approaching government for a better deal.
